# CORE PATIO DOOR

The Core Patio Door takes you three steps beyond the conventional design and concept of sliding patio doors. Its sleek appearance, durability and precision engineering is designed for today's generation and beyond. When you purchase a Core patio door you are also purchasing peace of mind and added value to your home.

- ① Plain stiles and interlocks are steel reinforced. Lock stiles are aluminum reinforced
- ② Sash panels are co-extruded with dual durometer flex. PVC which surrounds the entire 1" thick I.G. unit for optimum seal and added strength and are field reversible
- ③ Drainage system to prevent water from being trapped
- ④ Self-lubricating nylon tandem panel rollers provides smooth gliding action
- ⑤ All exposed aluminum is anodized to prevent corrosion
- ⑥ 5 5/8" vinyl and wood frame for optimum strength

## STANDARD FEATURES

- Exclusive nylon screen roller system with an independent suspension at all four corners is designed with a side adjustment screw for easy leveling. Each individual wheel is precision-machined using a highly tensile strength plastic material called, Delrin® (Delrin is registered trademark of Dupont)
- Heavy Duty extruded aluminum screen frame with nylon mesh is designed for easy removal
- High performance sill design has a 10 degree slope for superior water tightness and drainage

## OPTIONS

- Footbolt and keyed lock for added security
- Anti-theft security bar
- Vinyl brickmould and aluminum sill extension
- Windbreak for new construction application
- Glazing options - LoE 179 with argon gas, warm edge spacer and grilles
- Internal jamb extension available
