MASTERGRAIN™

— YOUR DOOR, DEFINED —

Bring Home the MasterGrain Difference

MasterGrain is the door your home deserves. When you go MasterGrain, you're choosing gorgeously precise engineering coupled with our passion for everything 'door' - from looks, to smooth operation, to longevity.

Beautiful homes are contemporary homes and classic and historic homes. Perhaps you love coming home to a craftsman or a mid century build? Or a rustic cottage, cabin or retreat? MasterGrain believes 'one size fits no-one' and accordingly, we've styled our doors in four distinct ranges with many options within each. MasterGrain is a door that projects your most stylish self.

Once you've chosen your style of door, you'll want to make it even more thoroughly yours with its paint or stain finish: choose one of our huge array of colours and finishes or bring your own hue for us to match! And whether you need a touchable and authentic wood grain or a luxe and minimalist smooth finish, our textures are an integral part of the MasterGrain experience.

Your beautiful door is engineered to keep your home and everybody inside, safe from the outside world and protected from our harsh climate extremes. There's something about the smooth, quality open and close of our heavy, 2 ¼ inch thick door that says 'sanctuary'. Whether it's a hello, a goodbye or simply a 'honey, I'm home!', it's a special feeling to come home to a MasterGrain door.

CRAFTSMAN **FIR**

Beautiful, simple, and inviting. The simple squares and rectangle shapes are what make our Craftsman doors so desirable in a wide variety of homes. Inspired by the Arts and Crafts movement in its early days, the Craftsman house inspired architect Frank Lloyd Wright. Consider incorporating vintage glass look for an authentic vibe.
